

Buxton Against Tesco

c/o 17 St James Terrace, Buxton, SK17 6HS

30th March 2012

Buxton Against Tesco was originally set up to oppose Tesco building a huge supermarket in Buxton. During our successful campaign the group widened its remit and continues to be active in discussing and advocating ways of positively developing the local economy/community and protecting and supporting local independent shops.

We are delighted at the way so many Buxton organizations, retailers and residents have come together to apply to become a Portas Pilot town and wholeheartedly endorse the application.

Roger Floyd and Julian Cohen

On behalf of Buxton Against Tesco
