## **SUPPORT FOR PORTAS PILOT BID**

Further to our discussions I can confirm that the Council has identified £55,000 of financial support for the period 2012/13 - 2013/14, this includes:

- £20,000 per annum for two years towards the 'shop front' enhancement
- £15,000 over the two years to support the Retail Investment Campaign'

To underpin this work, the development of the wayfinding scheme, plus support for the development of the 'Town Team', we have identified staff time which can be valued at £8,000 of in-kind support.

Good luck with the bid and we look forward to working with stakeholders to bring forward improvements in Buxton.

Kind Regards

Paul Armstrong
