TO WHOM IT MAY CONCERN

Portas Pilot Project

Vision Buxton is privileged to have been requested to lead the project to submit a bid on behalf of the local community by numerous individuals, organisations, businesses and High Peak Borough Council. The exercise has been without precedent in the experience of this organisation of bringing together such a large and diverse group with wide ranging interests within a short time scale and to unite them in seeking major improvements to the centre of our town.

To underpin the commitment of Vision Buxton to this project the organisation is willing to guarantee funding in the sum of £12,000 which represents a substantial proportion of the assets of this “not for profit” Company whose sole source of income is subscriptions and donations.

Yours sincerely

Martin Wragg, Company Secretary
