

How To: **Make Quick Ribbon Bows**

Materials: Scissors
5 cm (2") Waterproof florists ribbon

Steps:

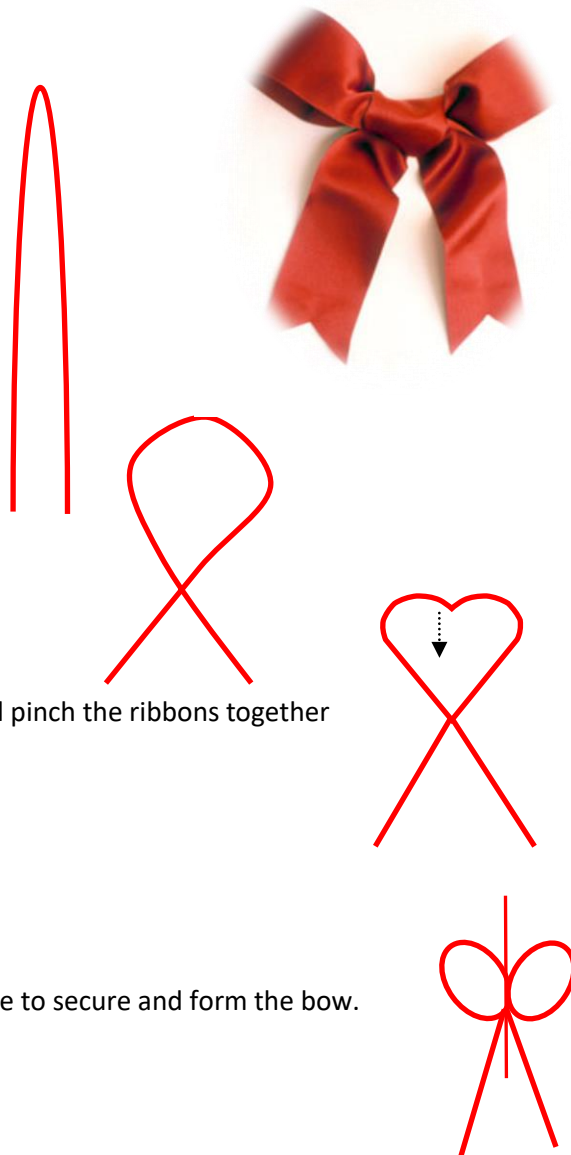

1. To make four bows, cut a 25 cm (10") length of ribbon
2. Split into four x 25 cm lengths
3. Cut 1 metre length of ribbon for each bow
4. Loop ribbon in half to find the middle

5. Cross tails over

6. Bring centre down to half way point to make two loops and pinch the ribbons together

7. Using one of the thinner (25 cm) strips, tie round the middle to secure and form the bow.

8. Tease out the loops and cut a 'V' shape in each tail

Things to bear in mind when decorating:
people safety, wind, rain, possibility of vandalism. . . .
